DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-8 rejected under 35 U.S.C. 102(b) as being anticipated by Alexander et al, US 6,177,931.

Re claim 1, a recording/reproducing apparatus comprising a reservation means for setting up a timer reservation program (Col. 7, lines 57-60), a recording means for performing recording operation on the basis of a set-up timer recording program (Col. 7, lines 62-65), and an additional reservation means for setting up another timer reservation program while a timer reservation is continuously kept performing (Col. 7, lines 57-60, fig. 6).

Re claim 2, a recording/reproducing apparatus claimed in Claim 1, wherein said additional reservation means sets up a recording start time on the basis of an end time of a program currently in the course of recording (Col. 12, lines 60-65).

Re claim 3, a recording/reproducing apparatus claimed in Claim 1, wherein said additional reservation means sets up a new timer reservation program by displaying a

timer reservation program currently in the course of recording and correcting said timer reservation program (Col. 12, lines 57-64).

Re claim 4, a recording/reproducing apparatus claimed in Claim 1, wherein said additional reservation means sets up a timer reservation on the basis of an input code information (Col. 31, lines 48-53).

Re claim 5, a recording/reproducing apparatus claimed in Claim 1, wherein said additional reservation means sets up a timer reservation program by displaying a timer reservation program currently in the course of recording and correcting said timer reservation program, and said recording means continues recording on the basis of said corrected timer reservation program (Col. 13, lines 13-22, fig. 6).

Re claim 6, a recording/reproducing apparatus claimed in Claim 2, wherein said additional reservation means sets up a timer reservation program by displaying a timer reservation program currently in the course of recording and correcting said timer reservation program, and said recording means continues recording on the basis of said corrected timer reservation program (Col. 13, lines 13-22, fig. 6).

Re claim 7, a recording/reproducing apparatus claimed in Claim 3, wherein said additional reservation means sets up a timer reservation program by displaying a timer reservation program currently in the course of recording and correcting said timer reservation program, and said recording means continues
